

Word2Vec & GloVe

Month 4: Natural Language Processing (NLP) | Week 14: Word
Embeddings | Day 1

Theory & Concepts

Read: Jay Alammar's famous Illustrated Word2Vec (20 min read). Concept: 'King - Man + Woman = Queen'.

Practice Exercises

Python: Load pre-trained GloVe vectors (using `gensim` or `spacy`). Perform vector arithmetic (King-Man...).

Estimated Time: 2h

Completed: []
